

# Sylfast T8 - Non Compensated

SYLFAST T8 158 NC

0046084

## Range Features

- Range of T8 battens and accessories
- Available with Magnetic or Electronic ballast
- 1-10V dimmable versions available
- 3 hr emergency options available
- Made of roll-formed steel
- Punch out holes on both ends
- 3-pole terminal block

## PRODUCT OVERVIEW

|  |                 |
|--|-----------------|
| Certifications                         | CE              |
| Colour                                 | White           |
| Dimmable                               | N/A             |
| Dimming range                          | N/A             |
| EAN code                               | 5410288460840   |
| Housing                                | Sheet steel     |
| IK rating                              | IK02            |
| IP rating                              | IP20            |
| LOR (%)                                | N/A             |
| Mount                                  | Surface Mounted |
| Ordering number                        | 0046084         |
| Technology                             | T8              |
| Voltage (V)                            | 220-240         |
| Compatible with bulbs of energy class: | A++             |
